THEME [ENV.2010.4.1.4-1]
[Identification and Networking of EO activities in the Balkan area]
Coordination & Support Action

Strengthening and development of Earth Observation activities for the environment in the Balkan area

D5.3 OBSERVE knowledge base repository

BSERVE
Strengthening and development of Earth Observation activities for the environment in the Balkan area

OBSERVE project is co-funded by the European Commission under FP7

Project title	Strengthening and development of Earth Observation activities for the environment in the Balkan area
Call identifier	FP7- ENV-2010
Project acronym	OBSERVE
Starting date	1.11.2010
End date	31.10.2012
Funding scheme	Coordination & Support Action
Contract no.	265282
Deliverable no.	D5.3
Document name	Observe_D53.pdf
Deliverable name	OBSERVE knowledge base repository
Work Package	5
Nature[1]	R
Dissemination[2]	PU
Editor	Kostas Smagas, Themistoklis Roustanis
Contributors	Stratos Stylianidis, Vassiliki Fragkoulidou, Charalampos Georgiadis, Petros Patias, Vassilios Tsioukas, Athanasios Vougiatzis, Dimitrios Kaimaris, Ioanna Manou, George Patias, Evagelos Katsampalos, Nikolaos Karanikolas.
Date	29.10.2012

[1] **R** = Report, **P** = Prototype, **D** = Demonstrator, **O** = Other

[2] **PU** = Public, **PP** = Restricted to other programme participants (including the Commission Services), **RE** = Restricted to a group specified by the consortium (including the Commission Services), **CO** = Confidential, only for members of the consortium (including the Commission Services).

EXECUTIVE SUMMARY

The scope of deliverable D5.3 ***OBSERVE*** Knowledge Base Repository is to report progress in one of the building blocks of the ***OBSERVE*** WP5 the Knowledge Base Repository. It must be underlined that the technical requirements and design of the tool as such have been described in deliverable D5.1 and D5.2. This deliverable serves as printed report of the online content of the Knowledge Base Repository that is fully accessible and free at http://www.observe-fp7.eu/index.php?option=com_docman&Itemid=241

1. INTRODUCTION

1.1 Current Structure of Knowledge Base Repository

The ***OBSERVE*** knowledge base repository is developed, by research projects, initiatives, relative information, publications and gathered by the scientific and coordination activities of ***OBSERVE*** project. The ***OBSERVE*** KBR can disseminate project results and information in a downloadable, high resolution, printable form.

Currently the ***OBSERVE*** KBR has six (6) different general repository categories of material hosting 206 different files.

1. Papers & abstracts to conferences (4 Files)
2. ***OBSERVE*** Events Material (86 Files)
3. Public Deliverables (11 Files)
4. Dissemination & Promotional Material (10 Files)
5. European Research Projects (0 Files)
6. EU Relevant Publications (53 Files)

The figure below depicts the Knowledge Base Repository current state as it is hosted at http://www.observe-fp7.eu/index.php?option=com_docman&Itemid=241

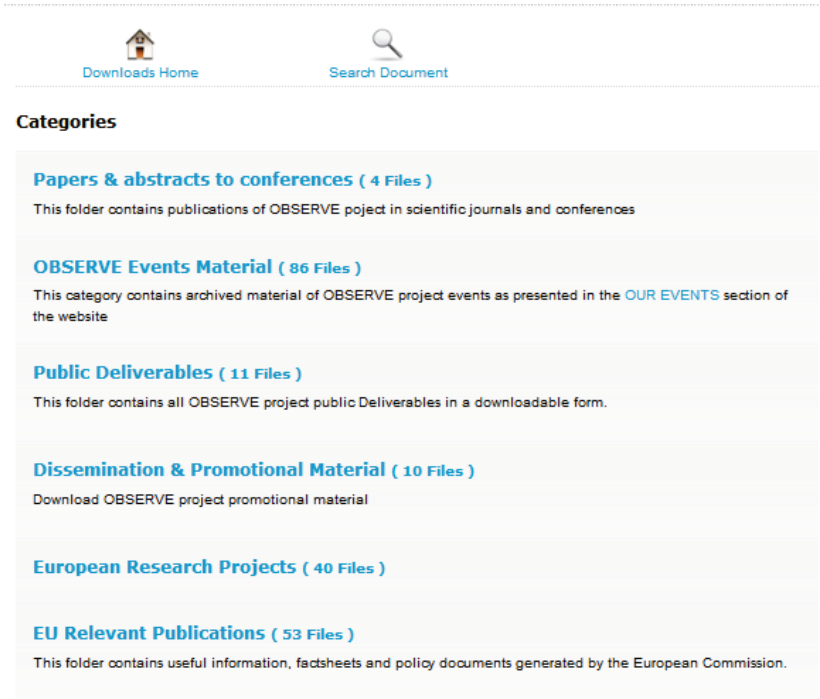

Figure 1: KBR online structure

Figure 2: KBR Promo Button

The above general repository categories are divided to numerous subcategories. The files originated from the literature research, coordination activities and networking events of ***OBSERVE*** project.

2. Content & Indicators of Knowledge Base Repository

2.1 Indicators

This section presents indicative figures on the existing capacity of the Knowledge Base and web traffic received. More specifically the ***OBSERVE*** Knowledge Base:

1. Currently hosts **206 files**
2. The total size files hosted is **505 MBs**.
3. The overall downloads performed within the Knowledge Base are **11838 Downloads**
4. The 50 most popular files received **7284 downloads**

The table below presents the most popular file and their download rate.
